

ModelSnapshot

```
classDiagram
    class ModelSnapshot
    class DbContextMediwatchModelSnapshot {
        # BuildModel()
    }
    DbContextMediwatchModelSnapshot --|> ModelSnapshot
```

The diagram shows a class hierarchy. At the top is a box for 'ModelSnapshot' with two empty compartments. Below it is a box for 'DbContextMediwatchModelSnapshot' with three compartments. The top compartment contains the class name and namespace. The bottom compartment contains a method signature. A blue arrow points from the top of the 'DbContextMediwatchModelSnapshot' box to the bottom of the 'ModelSnapshot' box, indicating inheritance.
